"No matter how paranoid or conspiracy minded you are, what the Government is doing is worse than you imagine" - William Blum (Former U.S. State Dept. employee)

While [terrorist-in-chief joe biden was busy](#) on Saturday at Howard University in Washington DC giving their commencement address and labeling Conservatives as *'the most dangerous terror threat'* that America faces, just across town, a group of white men that the propaganda media have labeled as being *'white supremacists'* marched toward the US Capitol, complete with matching khakis and blue jackets and shirts, all of them wearing matching

white masks, with a complete police escort the entire way, a gathering [this Gateway Pundit story](#) perfectly labeled as **'Feds On Parade.'**

With that gathering of 150-200 members of a group which calls itself *'Patriot Front'* being filmed by what appears to be well organized folks on dollies using fancy rolling cameras, gaffers and key grips, we'll remind you that one of the definitions for **'a front'** is **'a fake'** or **'an image of something or someone that is not a true representation of reality,'** such as the *'front company'* detailed in [this April 3rd of 2023 Japan Times story](#) titled *"A front company and a fake identity: How the U.S. came to use spyware it was trying to kill."*

With that Japan Times story reporting *"the secret contract was finalized Nov. 8, 2021, a deal between a company that has acted as a front for the United States government and the American affiliate of a notorious Israeli hacking firm"* giving us absolute, 100% proof that the Biden's US govt does indeed use *'front companies,'* as well as irrefutable proof that they'll lie to the American people through their teeth about it, the so-called *'Patriot Group'* that

the communist media in America has labeled 'a *dangerous hate group*' for carrying flags spouting '*dangerous ideas*' such as '*Reclaim America*' had absolutely amazing timing, *marching through DC at the very same time Biden was talking about 'white supremacists' being 'America's biggest terrorist threat.'*

And with another '*odd fact*' about that '*march*' being the fact that nobody on the left, in hard-left Washington DC, ever confronts them in the overtly violent way leftwingers nearly ALWAYS react to '*MAGA hats*,' numerous [commenters on this twitter post](#) about the '*march*' called it like they saw it, with one commenter mentioning "***That's a lot of Feds***" while another commenter tweeted "***Feds 100%***" while another commenter pointed out "***Feds moonlighting on a Saturday***" while another commenter brought up "***Our side doesn't cover their faces or wear matching outfits,***" yet another commenter summed up our thoughts perfectly:

"If you think the federal government spent a lot on cellphones for illegals this week, you'll be shocked at what they spent on khakis, t-shirts

and Nazi flair. And, on overtime wages!"

And with another commenter pointing out that these 'marchers' are most likely Feds setting up a huge false flag to be blamed on the same 'white supremacists' that Biden was busy demonizing only miles away, and on the very same day, another [used only the photograph below](#) to prove his/her point perfectly.

With a number of different ANP readers in several ANP story comment sections pointing out the exact same thing that those twitter commenters had pointed out, such [as Johnny Shaffer and El Gato](#)

[Blanco](#) who also summed up our thoughts perfectly in stating *"I wouldn't shed a tear if **all those fake patriot front guys** got smoked. The pathetic thing is **they're apparently mostly Whites and yet working towards the destruction of their own people.** They're probably all homos,"* it's quite obvious to most (*at least to those who are paying attention*) that 'something just isn't right about Patriot Front,' with one commenter on [this Gateway Pundit story](#) about 'Feds On Parade' bringing up the interesting point below.:

*"Soooo...**the "Brown shirts" of history has changed to "Blue shirts" ... It is only "coincidence" that they are wearing deep blue Democrat colors.**"*

And with that previously mentioned Japan Times story giving us absolute and irrefutable proof that **the United States government does indeed use 'front groups' and 'front businesses' to do their dirty work**, hoping they can get away with committing crimes that couldn't be blamed upon the 'govt' because they insanely look upon themselves as 'untouchables,' let's flash back a moment if you

will to 1962 and a story proven in history that that gives us '*absolute and irrefutable*' proof that ***the US government is MORE THAN HAPPY to CARRY OUT ACTS OF TERRORISM upon Americans***, hence the reason while I'll continue to call ***OUR GOVERNMENT a TERRORIST GROUP***, because we have 100% proof that ***they'll happily kill and terrorize Americans*** to get away with murder. [From Wikipedia.](#):

Operation Northwoods was a proposed false flag operation against American citizens that originated within the US Department of Defense of the United States government in 1962. The proposals called for CIA operatives to both stage and commit acts of violent terrorism against American military and civilian targets, blaming them on the Cuban government, and using it to justify a war against Cuba.

The possibilities detailed in the document included the remote control of civilian aircraft which would be secretly repainted as US Air Force planes, a fabricated 'shoot down' of a US Air Force fighter aircraft off the coast of Cuba,

the possible assassination of Cuban immigrants, sinking boats of Cuban refugees on the high seas, blowing up a U.S. ship, and orchestrating terrorism in U.S. cities. The proposals were rejected by President John F. Kennedy.

The operation proposed creating public support for a war against Cuba by blaming it for terrorist acts that would actually be perpetrated by the U.S. government. To this end, Operation Northwoods proposals recommended hijackings and bombings followed by the introduction of phony evidence that would implicate the Cuban government. It stated:

The desired result from the execution of this plan would be to place the United States in the apparent position of suffering defensible grievances from a rash and irresponsible government of Cuba and to develop an international image of a Cuban threat to peace in the Western Hemisphere.

Several other proposals were included within Operation Northwoods, including real or simulated actions against various U.S. military and civilian targets. The operation recommended developing

a "Communist Cuban terror campaign in the Miami area, in other Florida cities and even in Washington", which involved the bombing of civilian targets, which was to be blamed on the Cuban government to paint a false image of Fidel Castro and misinform the American public.

And with President John F. Kennedy REJECTING those proposals, do you think that's the reason the DOD had the CIA assassinate him within a year after he shot down the ***proposals for our own government to TERRORIZE the American people***, blaming that TERROR upon others? And with Biden and his cabal continuously babbling on about '*misinformation*,' it's quite interesting that ***they themselves were going to MISINFORM the American public! United States government TERRORISTS*** is the perfect name and description of these psychopathic devils!

And now after all of these years, the government itself has become a bunch of America-hating commies themselves, not only carrying out terrorist acts upon the American people but outright

genocide as well. The interesting thread below was posted by an American [here](#) and speaks truth that must be told.

As an American I Now Believe the Greatest Force of Evil in the World Today is my own Government.

It is sad to reach that conclusion.

The American Government is against basic human freedoms.

It is against Free Speech

- *the Right to Bear Arms*
- *the Right to Pursue Happiness*
- *the Right to Assemble*
- *the Right to have government based on honest elections*
- *the belief in Free Markets*
- *working hard, saving, investing and taking care of your family.*

It is an evil tyranny against mankind.

**The American Revolution:

Does your politician have a loss of memory?

Citizen Bill of Rights Enforcement:
a last resort to combat tyranny; and
when failure is not an option.

It's the Bill of Rights.

So with Operation Northwoods giving the American people **100% proof that the US government is**

more than happy to launch terrorist attacks against Americans, blaming that terror upon 'others,' if it helps them to accomplish their political goals, and the '*horrible white supremacists*' called '*Patriot Front*' marching on Washington DC on the very same day, at nearly the very same time, that joe biden was talking to a majority black college about how '*horrifying*' white supremacists are, hinting that we're watching another '*false flag*' being set up before our very eyes, the American people should continue arming themselves heavily with even former Democrat Congressional Rep. and US Military Veteran Tulsi Gabbard [warning we're watching](#) a tyranny unfolding before our eyes.

And while we hope that the 2nd Amendment is NEVER needed in America to prevent a brutal tyranny from unfolding here, who'd prefer to see innocent Americans continue to be slaughtered by a government that's completely out of control, doing what tyrannical government's do best, terrorizing and murdering their own people, instead of doing what they're supposed to be doing, serving us?

While both of the first two videos below take long looks at Operation Northwoods and the US government plan to carry out acts of terror upon the American people, acts of terror that were shot down by President John F. Kennedy, the final video below takes a look at the fact that the CIA then murdered America's president, giving the American people a reason to ***NEVER TRUST GOVERNMENT*** again, with ***absolute and stunning proof they're a bunch of terrorists who'll even MURDER America's sitting president if he doesn't do what he's been told***. No wonder pathetic little joe bends over for them regularly.

And as always, the comment section below is wide open for your comments. Do you think that those people who were marching through the streets were ['Feds on parade' like this Gateway Pundit story](#) labels them, or are they just '*patriots*' who've decided to still wear masks like good little pandemic slaves? As another commenter had mentioned, it's likely that not all of them are feds, but you can guarantee that the feds are running the show. And after reading and hearing about Operation

Northwoods in the videos below, do you think that the govt would REALLY go back to ***carrying out acts of terror upon Americans, blaming those acts of terror upon others***, after John F. Kennedy shot those plans down? It's way past time to *permanently eliminate the alphabet soup agencies* all across America.
