Tidal Wave Of 'Turbo Cancers' Strike America At Same Time As Doctors Warn Of An 'Accelerated Disease Process' And 'The Greatest Crime In History' Being Carried Out Before Our Eyes

- Doctors Tell ANP Of Explosion Of Neurological Diseases: 'We've Never Seen Anything Like This'

**THE DEATH SCIENCE
DEPOPULATION
TRIFECTA**

[By Stefan Stanford - All News Pipeline - Live Free Or Die](#)

While most Americans probably don't know the name [Dr. Devin Hoover](#), the body of the man being called a brilliant Detroit, Michigan [neurosurgeon](#) was recently found in his home, wrapped in a bed sheet, after being shot in his multi-million dollar mansion in one of the most upscale neighborhoods in Michigan.

With his entire community said to be [stunned by Hoover's death](#), as well as former patients, with one remembering Hoover as a wonderful human being as well as a great physician, telling WXYZ *"Those three days in the hospital [after surgery], he'd come in the morning to check on you, call you after your discharge to check on you. **You just don't see that anymore,**"* while a relative of his named Winston Lechlitner [wrote on Facebook](#) *"I'm inspired by **Uncle***

Devon's kindness to everyone. It's such a tragic loss and still many unknowns, and yet, I think these all dim in the reality of the fact that his life, even though ended too soon, positively impacted literally hundreds and hundreds, if not thousands, of people, police believe his death may have been the result of a domestic dispute, though Dr. Hoover was single and lived alone.

And while you may ask why I've brought up the mysterious murder of a very popular and apparently good man who happened to be a *'neurosurgeon,'* it ***IS his profession*** that leads me to write this story, with numerous [neurosurgeons having warned us](#) about the [deadly dangers that would come](#) to humanity with a unproperly tested 'vax' being forced upon the masses, as well as a recent personal experience of mine that ties this all together.

As many ANP readers know, back in 2020, I became ill, with one of the first symptoms to hit me being tinnitus. With that tinnitus still not going away to this day, just days ago I went to the nearby health center after suffering severe arm and shoulder pain that had left me largely unable to move my right

arm. And in discussing numerous other health symptoms I've had over the past 3 years with the doctor I met with, and mentioning the tinnitus, he referred me to go see a neurologist at a nearby hospital while also taking X-rays of my arm and shoulder and finding I'm suffering from severe arthritis.

And then came the kicker. Upon calling the **neurology department** at the hospital the next day to make an appointment, I was told the earliest they could get me in was July. Politely asking the person on duty why it would take so long to get in there, I was told *"We're completely booked up until then,"* and when I asked her why, she told me she didn't know and: ***"In all of my years of working there, we've never seen anything like this before."***

So while I'm definitely not a doctor but a researcher and a writer, and it very well could be just a strange 'coincidence' that neurologists are so incredibly busy nowadays, I've got to ask if Dr. Devin Hoover might have 'discovered' something he shouldn't have, and being a good soul, with [one neighbor saying of him](#) *"That man was an angel. He was beautiful,"* was

going to go public with his information?

As one commenter on [this Resist The Mainstream story](#) pointed out, ***"A domestic dispute that ended with him in his attic wrapped in a sheet and his car stolen? That's a little fishy to me."*** Indeed it is.

DOCTORS WARN OF TSUMANI OF MYSTERIOUS NEUROLOGICAL DISEASES FOLLOWING VAX ROLLOUT

Back on July 21st of 2021, The Defender: Children's Health Defense News And Views, [published this story](#) titled ***"Scientist Sounds Alarm: COVID Vaccines Producing Symptoms of Parkinson's, Other Neurodegenerative Disorders"*** within which they immediately reported the following.:

"Immunologist and former NIH scientist J. Bart Classen analyzed data on COVID vaccine adverse events reported to the UK's Yellow Card

system and found thousands of reports of multiple symptoms that are “clear signals” of neurodegenerative disorders.”

Warning within that story that such cases continue to pile up, even leading to the US Food and Drug Administration to [add a warning to the Johnson & Johnson jab](#) back then, their story story then reported that ***scientists are issuing urgent warnings about a possible tsunami of other types of neurological injuries***, with Immunologist J. Bart Classen, one-time National Institutes of Health (NIH) contract scientist and proprietor of Classen Immunotherapies, a Maryland biotechnology firm, [publishing a paper](#) in February outlining the potential for messenger RNA (mRNA) COVID vaccines to trigger development of [prion diseases](#) as well as other [chronic diseases](#). From the [Defender story](#).

Prion or “prion-like” diseases include Alzheimer’s, Parkinson’s, amyotrophic lateral sclerosis (ALS), multiple system atrophy (MSA) and others. A hallmark of these neurodegenerative diseases is the formation and clustering of misfolded

proteins within the nervous system.

Classen's February conclusions were based on analysis of RNA from the Pfizer injection.

Now, Classen has published [a second paper](#) on prion disease risks that draws on actual adverse event data from the United Kingdom following vaccination with the AstraZeneca or Pfizer COVID vaccines.

These data show the risk of neurodegenerative adverse events is far from theoretical. In fact, the AstraZeneca vaccine is already producing a safety signal for Parkinson's disease, and the Pfizer vaccine may not be far behind.

Warning also within that story that all of these mRNA vaxxes ***aim to spur production of coronavirus spike protein and related antibodies within the recipient,*** and that diagnoses of '*nervous disorders*' have continued to climb astronomically since the rollout of '*the jab,*' their story also warned that since the rollout of the jab they've been witnessing something they called an '***accelerated disease process***' that we have to take a look at in depth in the final section of this story below considering ALL

of the so-called '*turbo cancers*' we're now witnessing in America, young and healthy people suddenly diagnosed with cancers, then dying within just days if not hours following their diagnosis. All job related? No doubt something incredibly sinister is now going on in America as we move towards 2025.

*(ANP EMERGENCY FUNDRAISER: Due to a heavy censorship campaign by 'big tech' upon ANP articles, we're being forced to [run an emergency fundraising drive](#). We also want to thank everybody who has [donated to ANP](#) over the years. With donations and ad revenue **all that keep ANP online**, if you're able, please consider [donating to ANP to help keep us in this fight for America's future](#) at this absolutely critical time in US history. During a time of systematic, 'big tech' censorship and widespread institutional corruption, truth-seeking media and alternative views are crucial, and EVERY little bit helps more than you could know!)*

Since we began this story by naming a largely unknown neurosurgeon who was recently murdered in his upscale Detroit, Michigan neighborhood, we'll now bring up the name of a 16-year-old Philadelphia, Pennsylvania teenager who also recently met his untimely and very unexpected death.

As [the Daily Mail reports in this new story](#), *Kyle Limper, a 16-year-old passed away within 24 hours of being taken to the hospital and diagnosed with leukemia.* With Limper a high school athlete who had been in excellent health before suddenly complaining of back pain after a recent basketball game, leading his parents to take him to the hospital, doctors there revealed that his organs throughout his body were shutting down due to the '*leukemia*,' with Limper dying just hours later. Leaving his family and friends in utter shock as he was a fit, healthy and active teenager who participated in sports across the board and had no

signs or symptoms that he was suffering from cancer, his death from what appears to be '*turbo-cancer*' is far and away from being the only such death, with numerous reports emerging recently of people '*dying suddenly*' following their mysterious cancer diagnosis.

Discussed by doctors and medical experts in both the 1st and 2nd videos at the bottom of this story, with Dr. Paul Cottrell dropping nightmare bombshells on the "*turbo cancer*" explosion people are suffering from following both getting '*covid*' as well as '*the jab*,' in the 1st video, while in the 2nd video below, Dr. Ben Marble discusses turbo cancers of the breast, colon, esophagus, kidney, liver and pancreas exploding all across America as confirmed in [this Harvard Gazette story](#), is it just a '*strange coincidence*' that these cancers are now exploding, following a mass jab campaign, at the same time as this previously mentioned [Children's Health Defense story](#) warned of an '*accelerated disease process*' triggered by the jabs? We believe it's no '*coincidence*' at all but exactly what the eugenicist globalists who are pushing '*depopulation*,' have long

been working towards. Once again, [from that story](#) .:

Accelerated disease process?

Ordinarily, scientists believe it takes years (or even decades) for the abnormal folding of certain proteins to produce prion disease. How, then, could Classen detect a “clear signal” for Parkinson’s disease just months after the vaccines’ rollout?

*Classen offers several explanations which are not necessarily mutually exclusive. First, he suggests **COVID vaccines could be accelerating disease progression** in individuals who either already have subclinical prion disease or have mild prion disease that has not been properly diagnosed.*

*In addition, **there is evidence indicating the vaccine spike protein can prompt misfolding of essential RNA/DNA binding proteins called TDP-43 and FUS and catalyze a toxic “chain reaction.”***

The vaccine spike protein may also cause proteins “including [normal] prions already in cells” to form abnormal clumps (called Lewy

bodies) that can result in “relatively rapid cell death.” Research has shown development of Lewy bodies in monkeys exposed to SARS-CoV-2. Notably, Lewy bodies “cause some or all of the motor symptoms of Parkinson’s disease.”

Precisely **because the spike protein can so quickly set abnormal protein clumping into motion**, Classen speculates this “could allow fairly rapid detection of prion disease after immunization.”

At the same time, Classen cautions that **flawed adverse event reporting systems will likely fail to capture neurodegenerative diseases that take more time to develop.** Most vaccine adverse event reports are for acute events, he says, whereas few of the adverse events that occur “years or decades after administration of a pharmaceutical are ever reported.”

Thus, when the FDA added its Guillain-Barré warning for the J&J COVID-19 vaccine in mid-July, **the agency was grudgingly letting the world know some COVID vaccine recipients can expect serious or fatal neurological outcomes.**

In the 3rd video below from several years ago,

Neurosurgeon Dr. Russell Blaylock discussed the origins of eugenics and social engineering and warned about the consequences of vaxxes being injected into human beings without being properly tested, consequences just like we're witnessing now.

So while the mysterious murder of Neurosurgeon Dr. Devin Hoover in Detroit could very well just have been a horrific '*domestic incident*,' and have nothing at all to do with his job as a Neurosurgeon, and the horrific death from '*leukemia*' of 16-year-old Kyle Limper just an unpreventable tragedy, the more we learn of such turbo-cancers exploding across America as heard in the 1st two videos below, and the more we hear about Neurologists warning us about the devastating effects the vax would unleash upon the health of Americans, the more we believe we're witnessing '*genocide*' in action, '*big pharma*' and the satanic and pure evil members of the US govt carrying out what [John Leake over at Dr. Peter McCullough's substack just called '*the greatest crime in history*'](#) as heard in the final video below.
