# Silent Massacre: US Post-Vaccination, Mostly Non-COVID Deaths Up 40%, US on Track for 1.4 Million Extra Deaths in 2022 from Vaccines

11-14 minutes

Coronavirus News Hotwire:

 Pfizer stock down 20%, first batch of <u>court-ordered release of data</u> lists 1,291 possible injuries and side effects, including acute kidney injury, brain stem embolism, brain stem thrombosis, cardiac arrest, cardiac failure, death neonatal, deep vein thrombosis, frontal lobe epilepsy, foaming at mouth .

- <u>Presence of fraud</u> invalidates vaccine makers immunity from lawsuits.
- DoD scrambles to fix a "<u>glitch" in a</u> <u>massive Pentagon database</u> which shows <u>massive increases in</u> <u>myocarditis</u> (inflammation of the heart,) pulmonary embolisms, and cancers, to name just a few conditions.
- Insurance companies reporting postmass vaccination, mostly non-COVID <u>deaths up as much as 40%</u>, among working-age people.

Blackrock Investments is the world's largest investment manager, with \$10 trillion in assets. It manages wealth for the world's most powerful families, including Rockefeller, Bush, Rothschild, and Vanderbilt. It controls much of the media. Ed Dowd was a portfolio manager at Blackrock for 10 years, and turned \$2 billion under his management into \$12 billion. A respected figure on Wall Street, Dowd holds an MBA from the Indiana University Kelley School of Business, and in his public record predicted the "Dot Com" crash and the sub-prime crisis. Twitter: @DowdEdward Dowd cites recent life insurance

company data which shows that non-COVID deaths in the US after the mass vaccine roll-out have skyrocketed, among working age people. Dr. Kelly Victory, MD, a trauma and emergency room specialist, says the medical community would be <u>"remiss</u>" not to ask if this was mass-vaccinationrelated.

Dowd cites a recent report from the <u>CEO of OneAmerica Insurance</u>, a \$100 billion company, that in the year 2021 deaths among people age 18 – 64, mostly non-COVID, were up 40%. Excess deaths in 2020 the US, according to <u>OurWorldInData.org</u>, was 16%. This is the number of deaths over the number which would be expected based on previous years. Normally roughly 3 million people die of all causes in the US each year. A 40% increase in all-cause deaths throughout 2022 would mean nearly one-anda-half million more people would be expected to die than normal this year. <u>Dowd reports</u> other insurance company death increases from 24% to 258%, using 2019 as the "baseline." Subtracting 16% 2020 excess deaths from baseline 2019 excess deaths, Dowd's insurance company data shows excess deaths in post-mass vax rollout 2021:

• Unum Insurance is up 20% (36% –

16%)

- Lincoln National plus 41% (57% 16%)
- Prudential plus 35% (41% 16%)
- Hartford plus 16% (32% -16%)
- Aegon a Dutch insurer saw in their US arm plus 57% in the 4th quarter – in the 3rd quarter they saw a 258% increase in death claims."

Consider that prior to Ed Dowd's interviews we knew that:

 Myocarditis (heart inflammation,) thrombosis (blood clotting) and death caused by the mRNA injections have long been concerns of top scientists such as Dr. Harvey Risch, Yale School of Public Health (<u>Wall Street Journal</u>) These have also been acknowledged, albeit minimized, <u>by the CDC</u> as "rare." (<u>Blog</u>)

- Peer-reviewed science journal,
  <u>Toxicology Reports</u>, has published a study estimating that the true number of US vaccine deaths may be in the "hundreds of thousands."
- German <u>pathologists Dr. Arne</u>
  <u>Burkhardt, Dr. Walter Lang</u>, and other
  colleagues conclude from autopsies
  that vaccines are the direct cause of
  many deaths.
- Former Pfizer Chief Science Officer and VP Dr. Mike Yeadon reports that CDC death data associated with the

## COVID injections resembles the <u>"calibration of a killing weapon."</u>

Crucially, Ed Dowd opines that <u>vaccine</u> passport systems now being set up in state after state, even as COVID mandates are lifted, are in fact a control system to help contain riots and social unrest after a coming financial collapse, in which people's life savings will be wiped out.

Dowd notes that, unremarked in media, <u>funeral homes are becoming</u> a "growth industry."

The <u>massive and coordinated US</u> <u>campaign</u>, involving almost all major, "trusted" media, to paint drugs with sterling safety records, <u>even according</u> to the NIH website, as ineffective and even dangerous, despite overwhelming data to the contrary, leaves no alternative but to conclude that there is an agenda behind government responses to COVID. And that agenda included ensuring large numbers of <u>deaths</u>.

Perhaps the low point in the major media's deadly deception campaign against Ivermectin and hydroxychloroquine, the latter of which Yale's Dr. Harvey Risch says might have <u>saved hundreds of thousands of</u> <u>lives</u>, was MSNBC's Rachel Maddow's amazingly <u>condescending</u>, <u>sleazy</u> <u>performance</u> leaving the strong impression that Ivermectin is only for horses.

Even the FDA's own website links to studies all of which show evidence that Ivermetin works for COVID. One of the most influential Bill Gates-funded studies, the WHO Solidarity Trial, concluded that hydroxychloroquine (HCQ) did no good against COVID or had serious side effects. But a group of <u>Indian doctors objected</u> when they saw that the patients in the trial were being given mega-doses of HCQ. But whom to blame, and bring to

"Any package, pallet or container can now be equipped with a sensor, transmitter or radio frequency identification (RFID) tag that allows a company to track where it is as it moves through the supply chain how it is performing, how it is being used, and so on....In the near future, similar monitoring systems will also be applied to the movement and tracking of people." – Klaus Schwab, founder of the World Economic Forum, in his book "The Fourth Industrial Revolution"

Due process is a distant memory, as is privacy and control over one's life. When Justin Trudeau and the government of Canada declared they were freezing the bank accounts of anyone involved in the anti-COVIDmandate trucker convoy, they performed an invaluable service. They peeled the curtain aside for a glimpse of what all this vaccine mandate business is about, and where it is

#### heading.

#### Welcome to the Great Reset.

No one on any part of the political spectrum should feel safe. Ten years ago the idea that "a Donald Trump" could actually take office was treated as the unlikeliest of scenarios, used just for the sake of argument. So when it is argued that such powers, given a shift in the political winds, might be deployed against donors to, say, Planned Parenthood, no one should scoff.

A rather brilliant piece at <u>Conservative</u> <u>Treehouse</u> is required reading, as it lays out what we need to think about before allowing Klaus Schwab and the World Economic Forum to accomplish their "Great Reset," which despite the glowing language they use, is, in the words of investment banker <u>Catherine</u> <u>Austin Fitts</u>, a slavery system. But one using technology undreamed of by previous tyrannical oligarchs.

Don't like your working conditions? The number and length of your bathroom breaks? Tough. Any employee caught talking or texting about it, or donating to a group pushing to make it better, will be fired, and have their money frozen, and their is no such thing as cash. You will starve.

This is why the financial elite and its controlled political and <u>medical</u>

establishment is willing to kill people over it, through <u>dangerously untested</u> <u>vaccines</u>, and take the heat. The stakes are total control. It's now or never.

All of it hinges on one thing: mandatory "vaccine passports," justified by a never-ending stream of mandatory "boosters." The anti-mandate trucker convoys of 2022 are way ahead of the curve on where this is all going.

This is why they are willing to risk arrest, jail, destitution, and some have said, even death. They know their children may live forever under the control of these people, and they may never have another chance to stop it.
