America Under 'The Crazy Cabal' Has 'Achieved Peak Lunacy,' Allowing Them To Push 'Mass Formation Psychosis' Any Direction They Please, Now Towards 'Totalitarian Nirvana'

- USA Today Naming A Man Its 'Women Of The Year' Proves Peak Lunacy Is Now

**A MAN NAMED AS 'WOMAN OF THE YEAR'
MEANS AMERICA HAS ACHIEVED PEAK LUNACY**

MEANS AMERICA HAS ACHIEVED 'BAISH!' CRAZY'

Minnesota's first transgender lawmaker named one of USA Today's 'Women of the Year'

Rep. Leigh Finke was honored alongside former First Lady Michelle Obama, actress Goldie Hawn, and NASA astronaut Col. Nicole Mann, as part of a group of 'local and national heroines who make a positive impact in their communities every day.'

“Depend upon it, sir, when a man knows he is to be hanged in a fortnight, it concentrates his mind wonderfully.” — Samuel Johnson

Of course, the newspaper *USA Today* chose transgender activist Leigh Finke for its *Women of the Year* award because in the USA of the here-and-now (today, for instance), boundaries are a thing of the past, and if a woman of the year happens to come with the “package” that signifies male-of-the-species, you’d better ignore that incongruity and go along with the gag — or prepare for the punishments that will rain down until your morale improves.

The transgender movement has crystalized into the Party of Chaos’s favored instrument for enforcing its ethos of unreality on a population obdurately stuck

on thinking in categories, on making *hateful* distinctions between things. Better to live in a protective miasma of undifferentiated sensation than a cruel state based on pattern recognition where one is incessantly prompted to understand how objects and life-forms around us differ, where things begin and end, and what all that means relative to your own supposed amorphous existence.

Mattias Desmet, Belgian author of the 2022 book, *The Psychology of Totalitarianism*, proposed that a political faction subject to “*mass formation psychosis*” — the group hysteria that sets the scene for *tyranny* — **would demand that the public swallow a cavalcade of increasingly absurd ideas in order to soften up their brains, so as to make it easier for leaders (influencers) to push them in any desired direction.** I would propose that we have probably **achieved peak brain-softening** in this land.

The only thing left to challenge *is the distinction between being alive or dead*, which is exactly what you would get in *Zombieland*, a place that the Party of Chaos (and its mentors in the World Economic Forum) long to take you to, *where you will have nothing and be happy!* And never think a *hateful* thought, or *any* thought not pre-cooked for you and served up by The Party like so much dim sum.

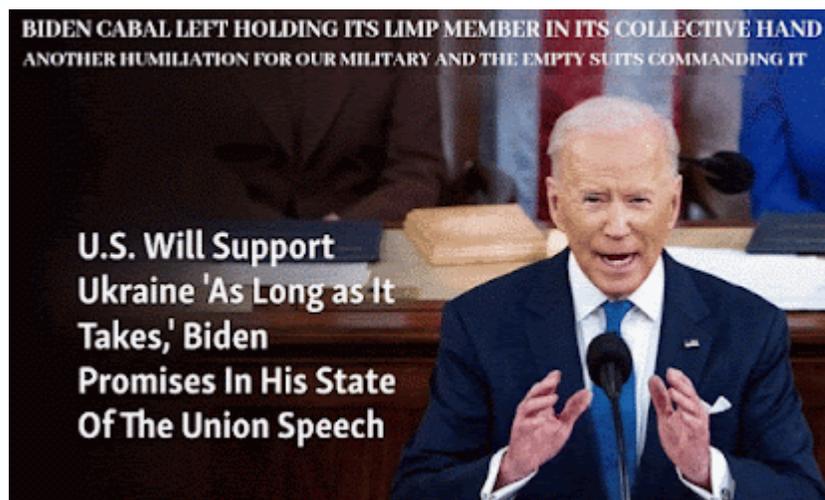

Choose *that* or it's the nothingness and bliss of the grave. It's all the same to the Party leaders. *Voila: the totalitarian nirvana!*

Folks are beginning to grok how all this works after a years-long epic mind-f by the increasingly malevolent permanent bureaucracy *running a nation on the glide-path to destruction*. Not a few people around America still-capable of independent thought are less than avid for liquidation. And certainly not willing to be absorbed into the amoeba-like blob of redundant, undifferentiated protoplasm that ***a totalitized population must be in the end-state of political Wokery.***

Now, in the spring of '23, 'Woke' is suddenly mutating into a general wake-up call. The animals are stirring from their long sleep of compliance as ruin stalks the land. ***The season of concentrating the mind is here. When it becomes a matter of sink-or-swim, people once again remember the difference between being dead or alive. The test is on.***

Expect three evolving dynamics to define our country's zeitgeist in the stirring months to

come. First, the ***collapse of our lunatic project for using Ukraine to destabilize Russia, an enterprise so feckless it could have only been conceived by the dead-of-brain.*** Our geniuses of foreign affairs screwed the pooch on this one. It's almost too obvious that they never cared about the people of that sore-beset land. Notice, they do not even use the word "*peace*" in any of their confabulations about what's going on there, because it is the opposite of ***what they seek***, which ***is...chaos unending.***

Thus, others will end this vainglorious project for us — namely, our antagonist there, Russia — ***and the regime of “Joe Biden,”*** for the second time in its mortifying two years-plus of rule, ***will be left holding its limp, generative member in its collective hand, another humiliation for our over-***

reaching imperial soldiery — and the deluded empty suits commanding it. Will they be able to pretend this time, as they did in Afghanistan, 2021, that *there's nothing to see here, folks?* Just a blizzard of press-releases declaring “*mission accomplished*” or some-such other craven bullsh!t? I don't think so.

The reaction may be enough to bum-rush “Joe Biden” and Company out of office. His grotesque family rackets (including the Ukraine grifts) will finally and magically come to the public's attention, and ***that'll be all she wrote for “JB”***— except for the historians waking from their own long catatonic spells to record the disaster they will swear they couldn't see coming.

Next, ***we will go through the tipping-point where a critical mass of the population*** — not just in America, but throughout Western Civ, and even beyond — ***realizes that they have been poisoned and injured by the mRNA “vaccines”*** they were so eager to line up for. It will produce a special sort of collective agony centered around a raging despair that leads with astonishing speed to prosecutions.

The torpor and uncertainty of the past three years evaporates and the machinery of law actually starts cranking again, and in the right way — not as a mere instrument of coercion and intimidation, but to actually seek justice.

Third ***will be the transformation of a raging inflation into a ruinous debt deflation that leaves Americans, one way or another, with no money.***

At the same time, the people will wake to the wrecking of their energy and food supply. A line will appear drawn in the ground from sea to shining sea, as by a cosmic power, and everybody... the formerly Woke, the unvaxxed, the penitent and unrepentant, the middle and lower orders especially, who suffer most harshly... will find themselves all on one side of that line in opposition to the wicked who have brought a hard rain upon them. And there you will finally see the beginning of your long-promised *hope and change*. No need even to wait for it. At long last, it's upon us. (ANP: Either that or we all end up the collective victims of biden's genocide.)
