The Globalists 2024 Election Steal Will Be The Final Nail In America's Coffin - What Bioweapon Will The 'Deep State' Release This Time? Evil Never Plays By Rules Or Follows The Law

- We know that no one ever seizes power

with the intention of relinquishing it

[By Stefan Stanford - All News Pipeline - Live Free Or Die](#)

Back [on April 16th, we published this story](#) on ANP titled *"Evidence 'The Coup' Over America Happened Decades Ago And Was Nailed Into Place By The COVID-19 Bioweapon Attack That Allowed Massive Mail In Voting Fraud In The 2020 Election"* within which we reported that back in 2016, tyranny's mouthpiece, *The Washington Post*, [published a story](#) confirming the US govt, via

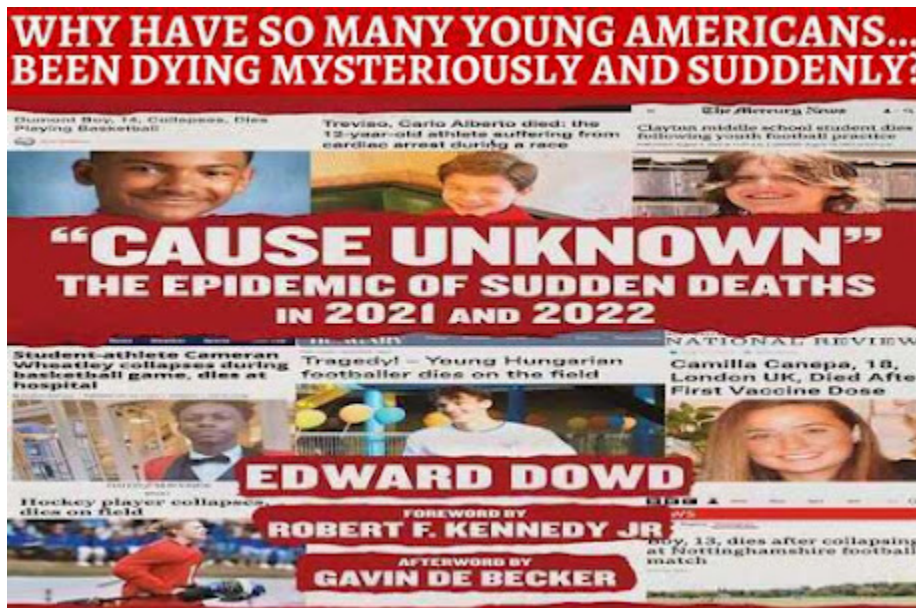

the ***CIA crime conglomerate*** we now know as 'the *deep state*,' had attempted to change the government's of other countries AT LEAST 72 times, while reporting that [according to](#) former Texas Congressman Ron Paul, the CIA's '*coup over America*' had taken place all the way back on [November 22nd of 1963](#), the day, Paul argued, that ***the CIA assassinated US President John F. Kennedy.***

With ex-Congressman Paul warning ***we have alarming proof that the CIA has made it a gruesome habit of carrying out governmental coup's all across the planet,*** we asked in our story why anyone at all would be surprised that ***they also carried out one here in the 2020 election,*** quite literally '*installing*' joe biden into the White House, and now we get more confirmation that [our April story](#) was right on the money

from Former Deputy National Security Adviser K.T. McFarland, who recently [went on to Fox News](#) as heard in the 1st video at the bottom of this story and warned: ***the 'deep state' is going to rig the 2024 US election following their success in 2020.***

And while we have plenty of reasons to doubt that the globalists will even ALLOW an '*election*' to take place in 2024, with Americans slowly awakening from their long slumber which had them believing elections here actually '*mattered*,' with the process more a '*selection*' that '*installs*' the globalists preferred '*puppet*' into the highest office in the land, we'd also warned in [that April ANP story](#) that ***the deep state/China crime conglomerate*** releasing the '*COVID Bioweapon*' upon America was the way that they '*carried out the coup*,' with the bioweapon scaring 10's of millions of

Americans into staying home and 'voting' rather than going to the polls, allowing voter fraud to take place on a massive scale never before seen in US history.

And with that *bioweapon release upon America accomplishing multiple goals for the deep state coup-mongers*, including not only allowing them to blatantly steal the 2020 election before America's eyes but then allowing them to 'lock down' the country, imposing barbaric and totalitarian 'rules' upon the masses that required people to take a 'death shot' if they wanted to continue

working, as well as '*conditioning*' the masses for further '*health tyranny*,' not to mention allowing them to carry out '*mass murder*' via countless Americans and people all across the planet '*dying suddenly*,' if they get away with stealing the 2024 election as they did in 2020, or stop the election altogether, there'll be no coming back from this for America short of the '*2nd Amendment solution*.'

From [this story over at the Cato Institute](#) before we continue.:

Why the Anti-Tyranny Case for the 2nd Amendment Shouldn't Be Dismissed So Quickly

Perhaps, as Madison predicted, all the other checks and balances will always prevent tyranny. But should tyranny ever triumph, the US Constitution provides a mechanism to restore constitutional order....

*According to the Declaration of Independence, the **only legitimate governments are those with the consent of the governed. When a government becomes the enemy and not the defender of human rights, the people can withdraw their consent and set up a new government.***

*“Prudence dictates” against changing long-established governments, or withdrawing consent for “light and transient causes,” said the declaration. But by 1776, **“the long train of usurpations and abuses”** by King George’s government had demonstrated **“a design to reduce”** the colonists **“under absolute Despotism.”** The declaration pointed out that the Americans had repeatedly asked their “British brethren” to redress the problems, but the British “have been deaf to the voice of Justice.” Therefore,*

“necessity” required the Americans to separate from Great Britain, as a last resort...

*Jefferson later explained that among the sources of the declaration were “the elementary books of public right,” such as the works of Cicero, Locke, and Sidney. Those theorists had agreed that **government without consent is the same as robbery; in both cases, forcible self-defense was legitimate. But once the Americans had won their independence, how could the declaration’s legal principles be applied if an American government became as abusive and obstinate as King George had been? From the beginning, concerns about tyranny - The right to fight tyranny is universal***

The Second Amendment does not create a

*right of revolution against tyranny. **That inherent right is universal. As stated in the Universal Declaration of Human Rights, adopted by the United Nations in 1948, “[I]t is essential, if man is not to be compelled to have recourse, as a last resort, to rebellion against tyranny and oppression, that human rights should be protected by the rule of law.”***

*The Universal Declaration was influenced by the Declaration of Independence, thanks in part to the US delegation led by Ambassador Eleanor Roosevelt (**who carried her own handgun for protection**).*

The Second Amendment does, however, reinforce the rule of law and anti-tyranny structure of the US Constitution, by ensuring the government cannot disarm the people. In the 2008 case District of Columbia v. Heller, all nine Justices agreed

that the amendment protects an individual right to keep and bear arms for service in the militia. (The justices disagreed about whether the right includes other purposes, such as personal self-defense or hunting.)

Why did the founding generation believe that a well-regulated militia was necessary? One reason, observed Justice Antonin Scalia:

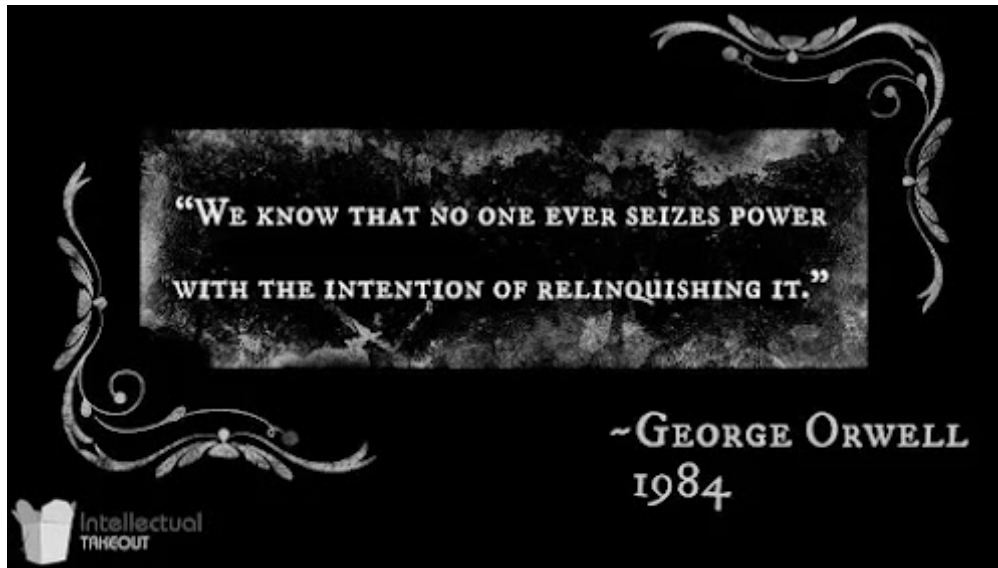

“when the able-bodied men of a nation are trained in arms and organized, they are better able to resist tyranny.”

And while we'll continue to pray that the 2nd Amendment is never needed here in the US to ensure that freedom continues for future generations and that tyranny is permanently vanquished from our land, '***when all other checks and balances fail***' and a '***long train of usurpations and abuses***' are inflicted upon humanity, ***it is a UNIVERSAL RIGHT, a GOD-GIVEN RIGHT***, to '*vanquish*' those

who are carrying out the abuses and who are inflicting tyranny and oppression upon a nation or a people. We certainly should all know by now that evil never plays by the rules or follows the law.

During a time of systematic, 'big tech' censorship and widespread institutional corruption, truth-seeking media and alternative views are crucial, and EVERY little bit helps more than you could

know!)

So while the mainstream media and current 'occupants' of the White House and Congress have long been claiming that any talk of the 2020 election being 'stolen' are uttering 'conspiracy theories,' we're living in a season where one 'conspiracy theory' after another has been proven true.

From the 'COVID was developed in a laboratory,' long called 'conspiracy theory,' but now being looked at as the most likely origin of the bioweapon, to ['weather modification,' long called a 'conspiracy](#)

[theory](#) but now being [openly talked about by](#)
['weather experts'](#) on the mainstream media,
why wouldn't the '2020 election was stolen
conspiracy theory' also be the censored
truth? [From this story over at Zero Hedge](#)..:

*Former Deputy National Security Adviser
K.T. McFarland, who served for the first four
months of the Trump administration under
Michael Flynn, says that **the deep state is
going to rig the 2024 US election
following their success in 2020.***

*"We now have black-and-white evidence
that the FBI interfered in the 2016
election. When they failed to elect Hillary
Clinton, they set out to destroy the Trump
administration," she told Fox Business'
Maria Bartiromo.*

*"Go back to 2020. This time, **the CIA got
involved in the election** with those 51
former intel agents who said the Hunter*

Biden laptop was Russian disinformation. So they've gotten away with it for two elections. They will surely try and get away with it in 2024, right?

Because there are no consequences...

"There is now hard evidence that there was election interference by the U.S. intelligence agencies and the Department of Justice. Those individuals must be terrified that a Republican president comes in with a Republican Attorney General, investigates them, and charges them with all of the crimes they have committed over the last eight years. Take it to the bank.

They will absolutely interfere in 2024...

These people are selling us out. Not only to foreign leaders, but they are interfering in our elections.

***They are tearing up the Constitution...
This is just a gut punch to the American
people."***

And with most Americans still waiting for that '*white knight*' to come in and '*save us*' from our completely insane and out of control govt as [Leo Hohmann reported in this recent story](#), as we're warned by Steve Bannon [in this Natural News story](#) as well as in the 2nd video below in an interview between him and Mike Adams, it is '*We the American people*' who are the only '*white hats*,' as the military surely won't '*save us*' as they're too busy '*bending over*' for the '*biden crime cabal*' so that they can keep on getting their paychecks while they're carrying out genocide upon the planet.

And with all other '*checks and balances*' failing the American people, [with the '*weaponization*' of the FBI, CIA and DOJ just](#)

[the 'tip of the iceberg'](#) of the utter madness we're witnessing in those who are SUPPOSED TO BE '*public servants*,' not tyrants, the following words of wisdom from George Orwell are as true today in America as they ever will be.

"We know that no one ever seizes power with the intention of relinquishing it. Power is not a means, it is an end."
