## We Have Become A Nation That Has Lost Its Collective Mind

By Frosty Wooldridge

1-23-24

If you possess a rational mind, you cannot justify what's going on in America in 2024. Up is down; down is up abiding citizens are fools. Shoplifting is cool; paying for your groceries is for suckers. When a male pretends to pretend with him.

Somehow, it's un-American for the census to count how many citizens are in America. Joe Biden holds that 40 jumpers possess the same rights as taxpaying citizens. Russians influencing our elections are bad, but illegal al good. It's not okay to buy farmland in China, but China is buying up hundreds of thousands of acres in America.

It was cool for then Vice President Joe Biden to blackmail the president of Ukraine out of \$1 billion, but it was Trump inquired about it in a phone call.

People who have never owned slaves should pay reparations to people who have never been slaves. People who should pay off the loans for people who borrowed money to go to college. Illegal aliens with polio, leprosy and prove that your dog has been vaccinated for rabies.

Doctors and engineers from Europe who want to immigrate to the United States must go through a thorough vet illiterate gangbangers, rapists, drug dealers and terrorists who jump our southern border are welcome.

Spending \$5 billion for border security walls is too expensive, but spending \$1.5 trillion for health care, food, and aliens is warranted. If you cheat to get into college, you can go to prison, but if cheat to get into our country, you taxpayers' money.

Ironically, people who think there is no such thing as gender are demanding that we elect a female president.

When you look out across the world, you see socialist countries collapsing, but it seems like a great plan for America people are held responsible for things that happened before they were born, but other people are not held responsible now...i.e., \$2 billion in damages in 2020 for riots and arson nationwide, \$100,000,000,000.00 in shoplifting and deaths annually in the USA, but no plans to secure the borders where the drugs flow into the United States.

Criminals are caught and released to hurt more people but stopping them is bad because it's a violation of their to create a race war in Chicago by hiring two black immigrants to beat him up and tie a noose around his neck,

racism that caused him to do it.

MSNBC host Joy Reid makes every white American a racist, but doesn't mind cashing her annual \$1.4 million Goldberg, at \$67 million in her bank account from her acting career, doesn't mind trashing most of America for living in her multi-million dollar home. It's okay to teach Critical Race Theory that blames white people for ev for white people to have a White Caucus in Washington DC while the African-Americans enjoy their Black Ca America pageant without Black contestants, but it's okay to have a Miss Black America pageant with no White an "All Black" television channel, but it would be racist to have an "All White" television channel. We must ac Television, but it's against the law to have WET...White Entertainment Television.

It's just fine to have drag queens entertaining grade schoolers in libraries, but unacceptable to have Christian gr and ethics.

It's fine to allow 9.6 million border jumpers to invade our country in the past 37 months, but it's not "fine" to de American homeless citizens and veterans.

It's not okay to call Covid 19 the "Chinese Virus" because it's "racist" even though it was created in a Wuhan V.

It's okay to have DNA males penetrate women's sports where they can beat the crap out of women in tennis, wr volleyball, crew, track and other sporting events. But it's not fair for anyone to complain about it like ten time r Gaines. It's okay for the leaders of the NCAA to allow this insanity, but it's not okay for anyone with an ounce

Hamas killed 1,400 Jews on October 7, 2023. They took 240 hostages! When Israel retaliated, we've got tens c America chanting for the eradication of Israel and extermination of all Jews. Those Muslims fly Palestinian fla it to flood America with jihadist Muslims, the most violent religion on this planet?

We've had a black, gay Harvard President who plagiarized her doctoral thesis. She was elevated to the top of th incompetent to serve based on fraud. She then cried, "Racial bias." Go figure!

We are living in an upside down world where right is wrong and wrong is right. Where moral is immoral, whei evil and evil is good. It's bad to execute murderers but it's okay to kill unborn babies.

### **What America Needs To Be Doing With Common Sense!**

1. With millions of illegals crossing our borders, we need to revoke the Asylum Bill. They need to improve actions.
2. We need to stop all illegal immigration by using our armed forces at the border to turn them back. Arrest
3. Severe prosecution and prison for shoplifters, drug dealers, arsonists, murders, M-13 gangbangers, car th laws of our country. Put criminals in jail to return our country to law and order.
4. Stop all "DNA transgender men" from competing in women's sports, PERIOD!
5. Promote Americans on the basis of their academics, achievements, abilities and talents rather than skin c and Inclusion don't work, won't work, and never have worked. You need to earn your job based on your
6. Put Alzheimer's patient and frail Joe Biden out to pasture with the 25 th Amendment. He is feeble, frail, incapable of fulfilling the office of President of the United States. The mainstream media needs to quit hi
7. Deport all Muslims who march for the eradication of Jews and Israel.
8. No health care, free food, housing or schooling for illegal aliens.
9. If you were never a slave in America, then stay in school, earn your academic credentials, and apply for t American citizens who read, write, and perform simple mathematics, and who are qualified.
10. If you are an illegal alien, you cannot vote or register for a driver's license in America. You are a crimina
11. Have internal border patrol, ICE officers sweep every company in the USA looking for illegal aliens ille, deport them. Start in Maine and Washington State, and then, keep moving inward. Fine the employers o

illegal and up to five years in prison. (U.S. Code 8, Section 1324. It's the law.)

12. If you borrowed money for college, pay back your loan on your own dime, not the taxpayers' dollar.

Does that make sense or does that make sense?!!!!!!
