Elites Panicked as NATO Overexposed in Failed Russian Coup

Jonas E. Alexis, Senior Editor

19–24 minutes

Last weekend’s bombshell out of Russia features the rebellious, erratic antagonist [Yevgeny Prigozhin](#), the Wagner Group leader calling for a coup against Russia’s top military leadership – Defense Minister Sergey Shoigu and General Valery Gerasimov. Prigozhin is claiming that his mercenary Wagner troop encampment in Ukraine was fired upon by Russian forces under Shoigu’s command. The Moscow capital went into emergency antiterrorist response as Russian Special Forces secured the Defense Ministry outward to the city’s outlying perimeters.

While Prigozhin ordered his convoy to move northward from President [Vladimir Putin](#) addressed the nation to accuse Prigozhin of “mutiny” and that he and his followers participating in the plot would face justice. Of course, this internal conflict unfolding inside Russia was a golden egg being hatched for all the Putin haters of the West, immediately portraying the ensuing conflict and crisis in Russia as an unstable, internally divided nation with growing resentment toward Putin and his long dragged out costly war after 16 months without an end in sight. No doubt Ukraine and Kiev supporters in the West all got their hopes up anticipating potential

overthrow of the Putin government. After all, the US and its minions have been wanting Putin dead and gone for years.

Unlike the planned crises generally playing out in America and West that typically drag on for months or even years, and grow progressively worse and rarely resolved without an extremely costly, traumatic ending, the Russian Federation's armed insurrection took all of about 24 hours from eruption to its quelling, with a remarkably, quickly arranged and bloodless resolution.

What could have turned out to be a political and military disaster for Russia that would have sent destabilizing aftershocks throughout the world, turned out to be just a blip in the road and a footnote in history. US/NATO/Ukraine were salivating over "stumbling" upon this opportunity to fully exploit the anti-Russian propaganda it would generate had gone the West's way. But instead, this momentary hiccup within hours was ultimately resolved before the Western narrative could even sink its lying teeth into it, inflicting maximum damage in the information war that it's been losing for some time now.

By late Saturday June 24th Moscow time, the Russian crisis was already over and averted. Turns out that Belarusian President Alexander Lukashenko's office for most of Saturday was allegedly [brokering the deal](#) with the mutinous Russian mercenary himself Yevgeny Prigozhin. The plan was that he would take up immediate residence in Belarus, and avoid charges of treason in Russia, opting to accept the "sweetheart" deal while he still had the chance.

Prior to releasing news of this negotiated arrangement, Putin signed off on it. Those Wagner mercenaries that did not actively participate in the revolt are authorized to sign contracts with Russian Defense Ministry and even those Wagner soldiers that did take part apparently will also not be charged. As far as the status of the two Russian military leaders that Prigozhin directly targeted in his coup, it's assumed that status quo will prevail and Shoigu and Gerasimov will keep their current jobs.

Similar to the US Navy knowing that the Titan submarine imploded less than two hours after its Titanic expedition launch, yet was deliberately withheld from public knowledge for nearly a week, the same holds for this latest news event in Russia.

It has since been revealed that [US intelligence](#) was fully aware of

Prigozhin's armed rebellion by [mid-June](#), more than a week prior to the aborted one-day event, and that even leaders in US Congress were briefed ahead of the Saturday insurrection. Uncovered next is that not only did the CIA know of the Prigozhin plot well in advance, but by last year already identified the disgruntled Wagner leader as a ripe target for internal divide and conquer exploitation, actively enlisting, promoting and supporting his failed coup, not unlike the disastrous Ukraine counteroffensive.

This backchannel piece of the puzzle is already beginning to come out. Nothing in this world simply unfolds organically on today's geopolitical grand chessboard stage, but is schemed and plotted often months or even years in advance of its date of execution.

After all, it's a safe bet that the West attempted to exploit this ongoing supposed feud brewing for months between Prigozhin and Russia's two top military leaders. Lo and behold, Western intelligence services have been involved throughout. Since the CIA, Mossad and MI6 are prime instigators of illegal coups and regime changes the world over, and Putin has been their #1 target for nearly two decades, he's especially a target since Ukraine's inevitable defeat looms sooner than later.

On the same day of the unfolding coup, reputable and informative Ukraine military analyst [Scott Ritter](#) nailed it. His foregone conclusion in a Saturday interview with Judge Napolitano asserted that Western intelligence collusion working with Prigozhin pulled off this half-assed, lame coup attempt. Since the bloodline-controlled West misplaced all its eggs in the sinking Ukraine war basket, the City of London Rothschild Khazarian mafia (COL/RKM) is growing reckless and is now in a panicked stage, knowing this war's already been lost and almost over. Removing Putin from power as this

latest foiled, frantic failure being exposed for what it is does not bode well for Kiev, the West, the US or bloodline overlords as their last-ditch desperado ploy to both retain and remain in power.

Snake in the grass US State Secretary Antony [Blinken](#) took opportunity to take a swipe on CBS' Sunday morning "Face the Nation":

Prigozhin himself, in this entire incident, has raised profound questions about the very premises for Russian aggression against Ukraine in the first place, saying that Ukraine or NATO did not pose a threat to Russia, which is part of Putin's narrative. And it was a direct challenge to Putin's authority. So this raises profound questions. It shows real cracks.

This remark implicates the Wagner Group head honcho as a Western plant. No doubt Prigozhin's short-lived mini-crisis inside Russia had given the US/West high hopes of a Putin coup materializing, but all orgasmic excitement was quickly dashed to frustrated bitter disappointment when it went nowhere.

So sour grapes Blinken had to sling his feeble cheap shot of a momentary "crack" in his formidable opponent's armor as the world's chessboard [grandmaster](#) "Vlad the Bad" once again foiled and out-strategizes every single weapon and assault the West keeps throwing at him. With this latest failed attempt to dislodge him, [Putin](#)'s popularity is likely stronger than ever. On Monday June 26th the Russian president stated that his nation is fully united behind him.

In the immediate aftermath, astute Russian Foreign Minister [Sergey Lavrov](#) had this to say:

I work in a government ministry that is not engaged in gathering

evidence of unlawful acts being committed, but we do have such agencies and, I assure you, they are already looking into it.

100% certainty UK/US intel services are behind the fleeting Prigozhin mutiny. Russia has every reason for payback against these countries as soon as it's positively confirmed, as the Satanic controlled West is pushing for world war any way it can. Sadly, people of the West will once again likely be paying with their lives for the unforgiveable sins perpetrated by their soulless puppet leaders.

The French [Rothschild agent](#) provocateur Emmanuel Macron showed his two faced shady character last weekend when on Friday June 23rd he said he'd be ready to talk to Putin as a potential arbiter to peace and then a day later while the potential Russian coup was in full swing, Macron eagerly, suddenly changed his tune salivating over a chance to deliver a fatal blow to Russia, at least that's how [Lavrov sees it](#):

Emmanuel Macron was right up there with the United States, as he said something like this, 'we are certainly watching the situation with caution, and it is evolving fast, but the main thing we saw – the split, the fragility of the [Russian] regime and the army – fully justifies our efforts toward continued military support to Ukraine. Macron clearly saw in the developments an opportunity to realize the threat of Ukraine dealing Russia a strategic blow, a mantra NATO leaders have been holding onto; [concluding] As President [Vladimir Putin] said in his address on Saturday, the entire Western military, economic and information machine has been set in motion against us.

Lavrov obviously views the untrustworthy hypocrite Macron as yet

another Western snake in the grass, ready to backstab Russia at the drop of a hat, just like his predecessor French President Francois Hollande for plotting with US and Germany's Angela Merkel behind Putin's back to deceitfully broker the 2014-15 Minsk Agreements.

[Merkel and Hollande](#) admitted late last year that Minsk was all about tricking Putin to bide more time to build and train Europe's largest army, a Nazi one at that in Ukraine for a large-scale Donbass invasion to add to the 14,000 ethnic Russian death count already purged by February 24, 2022, the day Russia launched its Special Military Operation to thwart Kiev/US/NATO plan to invade the Donbass. Lavrov and Putin have learned a very harsh lesson from repeated betrayals by the West, that it simply cannot be trusted ever again, especially when West is a cornered animal floundering rapidly into history's dustbin oblivion.

Meanwhile, the currently unfolding insolvent global banking and economic crisis is a house of cards, controlled demolition masquerading as the elites' long planned Great Reset, and with defeat now imminent in Ukraine, rapid de-dollarization spreading worldwide and growing resistance to the elites' CBDC digital smart cities enslavement agenda, the international crime cabal finds itself on ever-shakier, crumbling ground. As the Deep State cabal self-destructs, the Rothschild Khazarian Mafia has now become a rabid, caged Satanic beast, ready to strike out at humanity with another 9/11-type false flag catastrophe, ready to once again blame Russia in order to ignite nuclear World War III.

After this latest recklessly executed failed coup in Russia, this upcoming incendiary event to trigger world war could happen any day now. Recall that neocon regime-changer wench-from-hell

Victoria Nuland already explicitly told Kiev officials that WWIII is coming up now in just two weeks when NATO convenes for its Vilnius, Lithuania summit on [July 11th](#) as Nuland's explicit commence date.

The now multipolar world is on to the deceptive and deadly cloak and dagger games of Western subversion in suicidal lockstep and blind obedience to their puppet masters, and falsely blaming Russia will no longer work. The multipolar majority of nations are backing Russia in Ukraine and will easily see through more Western lies. Following the bloodline masters' orders so closely has resulted in the downfall of Western civilization, and the more diabolical death and destruction created by the West as it goes down, the more the rest of the world will turn against this exposed and despised pariah operated by Satanists.

With imminent outbreak of [World War III](#) now upon us, the bloodline controllers are taking humanity for a hell-ride off the suicidal Armageddon cliff. The writing has been plastered all over the proverbial wall for a long time, as the ruling elite's earthly control falls with Ukraine, so it's committed to the bitter end to try and take all of humanity down with it.

Ratcheting up such high stakes setting off alarm bells with every news-breaking development is fueling internet fireworks in a parallel process. Signs of the pending Doom & Gloom Endgame appear everywhere in recent days with the tempo of unfolding events reaching fever pitch. With so blatant, undisguisable, in-our-face crimes exposing our Deep State cabal enemy on a daily basis, looming cracks in the dam of criminal lies and scandals are about to be blown wide open. Hence, the Khazarian mafia is unprecedentedly unleashing all of its destructive power against

humanity now all at once.

Multiple eyewitness accounts from all over the United States and Canada depict massive transport of military weapons, equipment and personnel driving hi-octane reactivity observing the mobilization of impending world war on the verge of breaking out any day. Over a week ago, [Hal Turner](#) commenced releasing video evidence capturing frenzied war prepping movement by train and convoys en masse across North America.

The big question becomes, aside from a potential hot war with Russia and China, is this upcoming war also to be directed against US citizens when the national emergency broadcast system gets activated, and people can't withdraw money from banks, or pump gas or receive Social Security checks, instantly erupting major civil unrest and upheaval immediately followed by martial law across America? Another way of putting it, will our democidal federal government shift to actively waging open warfare killing its own citizens?

Despite the fact that they've consistently been wrong a thousand times in recent years, many hopium pushers are once again jubilantly promising the Trump Storm has now finally arrived, and that he and his White Hats any second will be riding over the hill to dramatically save us and the world from total doom and gloom, just like in the movies. In my opinion, this long hyped hopium plan has far less credibility than mass arrests of patriots deemed domestic terrorists or WWII, or even the welcomed news of long-awaited arrests of so many high-profile Marxist traitors that have been busily taking down America after nearly destroying our nation beyond repair.

What we've learned from the first few weeks of Ukraine's hyped up,

long delayed counteroffensive is proof that the Kiev government and [entire West](#) are rapidly going down in defeat. Hundreds of German Leopard tanks, UK Challenger tanks, US Abrams tanks and US Bradley Infantry Fighting Vehicles have been destroyed by overwhelming Russian firepower on the battlefield with Kiev's no substantial impact moving the frontline.

According to CBS last August, [only 30%](#) of all Western weapons of emptied stockpiles over this last year have even ended up on the Ukraine battlefield, with an estimated 70% going to Ukraine's gigantic illegal arms trade via the dark web and black market, sold to nefarious terrorist groups around the world. Even the Khazarian mafia chieftain himself Benjamin [Netanyahu](#) just claimed that weapons systems supplied to Ukraine could fall into Iran's hands or Islamic terrorists against Israel. Al Kabob in Nigeria and ISIS reportedly procured black market weapons from Ukraine.

Then, of the only 30% of heavy Western weapons making it to Ukraine, at least [30%](#) of them are being wiped out by superior Russian firepower, particularly during this failed counteroffensive. In other words, very few have reached their intended target – killing Russians and prolonging the war, yet by design, they're leaving the entire West virtually defenseless and vulnerable in its own self-defense.

The prospect of waging war against adversaries Russia and China is diabolically insane. Yet the Western puppets following their masters' orders are setting the stage for world war. But then this is all part of the demonic globalist plan to destroy the West.

Weakening and decimating the economic and political power of the unipolar US loser and its vassal Europe is clearly by bloodline City of London-DC-Khazarian mafia intent.

Treasonous Western puppets [Biden](#), [Austin](#), Blinken and [Nuland](#) and their NATO sidekick Stoltenberg are all frontline stooges that simply do what they're told. They may be here today but they'll all be gone tomorrow, after the useful idiots get used up doing the Rothschild bidding, they and their masters will all be going down in hellish Lake of Fire flames, now being fought on the battlefields of Donbass, Zaporozhye and Kherson and beyond. Ukraine's males from teenagers to old men are being blood sacrificed for Satan so that Israel can reclaim its emptied out ancient homeland [Khazar](#) – present day Ukraine.

With the bloodline elites having misplaced all their eggs in their crumbling Kiev war basket, their money laundered revenue from trafficking bioweapons, child sex slaves, young women, human organs and drugs since the February 2022 Russian incursion has been steadily drying up. This in turn has triggered a Western [banking crisis](#), particularly in Europe.

The long planned, unsustainable central banking cartel is [insolvent and collapsing](#), first in [Europe](#) but with the crime cartel-US [southern border](#) wide open, black ops are flourishing in booming drug and sex [trafficking](#) trade in North America, thus the bigger banks in the US are predatorily benefiting from both Europe's banking infrastructure demolition as well as smaller US domestic banks falling into bankruptcy, allowing the cabal to kick the can down the road a little longer before the final deluge of financial implosion in the Western Hemisphere hits.

The \$930 billion drug/sex trafficking cartel operating as the world's largest in the tiny state of New Hampshire, fully documented by whistleblower [Mike Gill](#), ready to be further exposed and eventually prosecuted, the entire global crime cabal stands to soon be taken

down. The October 2021 release of the [Pandora Papers](#) consisting of nearly 12 million documents exposing the tax-sheltered offshore crimes of the elites exposes the New Hampshire organized crime trafficking cartel. The cabal will fall when the guilty are [finally prosecuted](#) and punished.

In the meantime, it appears that nothing can stop the floodgate leading to [de-dollarization](#), the pending [larger war](#), economic and financial collapse on a global scale and the entire bloodline operated mafia syndicate personified by [King Charles](#) and Klaus Schwab's not so [Great Reset](#) for them. It's all irreversibly in a state of collapse, crashing in real time are both the planetary controllers' millennia of rape, pillage and plunder and the emerging multipolar world delivering sovereign currencies based on the gold standard to fundamentally replace the old barbaric debtor enslavement system with a constructed new one built from the ground level up.

Decentralization, national and individual sovereignty are the key core components to humanity's victorious war for survival and ultimate prosperity against our [genocidal](#) common enemy. Ukraine has simply sped up this unstoppable, transformative process. The globalists' dystopic vision of us enslaved in their smart city cages is being opposed by We the People of this world growing in number as awakened, empowered soldiers of liberty, prepared to meet the formidable challenges ahead to destroy the Satanic cabal by meting out long overdue punishment and justice for the psychopathic haters of both human beings and sanctity of life under our One Creator.
