**Expect Trouble Coming In September And All Through 2024 Featuring Disorder Like You've Never Imagined And Civil Chaos So Extreme It'll Make 1861 Look Like A Middle School Fire Drill**

**- Biden Drowns His Sorrows In Ice Cream As America Crashes And Burns**

*“This voter is not convinced by virtues or statistics. He is convinced by dreams, visions, stories and jokes.” — Curtis Yarvin*

Draw back from the scene and understand that the sheer heaping-up of procedural legal bullsh!t in the various sham court cases against candidate Donald Trump is ***largely an attempt to confound, mystify, and preoccupy the public while the great scaffold of our national life collapses***. The news — both legacy and alt — will be dominated day after day by analyses of every move and counter-move through endless thickets of courtroom minutiae ***while the US economy crashes and burns, residual wealth is confiscated, and the American social order turns into something like fiery goo***.

By November of 2024, somebody will be elected president, or no one will be. ***At this point, it is probably down to an election that more than half the country won't believe in, or no election at all due to civil chaos so extreme it will make the 1861 weeks of secession look as tame as a middle school fire drill***. Beyond the hamstringing and hog-tying of their chief adversary, ***the Democratic Party lawfare necromancers have set up the gameboard*** with surpassing precision ***so that their opponents will never be able to win another election***. Yet, they are so self-satisfied as to apparently think no one noticed. (***We'll be coming for you, eventually***, Marc Elias.)

As to the parsing out of all those bogus charges against Mr. Trump, consider that ***we now live in a culture of no truth***, only battling portfolios of narrative spin, at least according to the Marxian wokesters who have seized the machinery of law, ***so, there, with a snap of your fingers goes jurisprudence*** — as in: ***I swear to tell the truth, the whole truth, blah blah.... The joke***

***is on you. There is no truth, anymore, so stop insisting that there is anything like it to determine, except whatever outcome the Party of Chaos seeks.***

***ANP Emergency Fundraiser: The globalists war on ANP is all part of the globalists 'Big Tech' effort to silence conservative and independent voices, allowing them to maintain a monopoly on the flow of information. As George Orwell made clear to us decades ago, "The further a society drifts from the truth, the more they will hate those who speak it." But, [with your amazing help](#), we at ANP promise to keep 'speaking truth to power' because, as Orwell also reminded us, "If liberty means anything at all it means the right to tell people what they do not want to hear."***

The suspended animation of August with its sand castles, lobster rolls, and care-free cocktail cruises ***will soon yield to the season of hurricanes, financial fiascos, momentous military movements, and reversals of political fortune.*** What, for instance, becomes of “Joe Biden,” the fictitious president, and that clique of grift-bedizened relatives around him?

I'll tell you one thing: no way is this fellow running for reelection,

and the mighty pretense around that hallucination makes idiots of everyone on cable TV news. Somebody has already slipped Ol' "Joe" the black spot. Dr. Jill has crawled into a bottle. The "Big Guy" is just sulking now, **drowning his sorrows in ice cream** — but his fate hangs there above the Rehoboth dunes like an ominous black sea-bird suspended on an ill wind, mocking him. **You have finally screwed the pooch, Joey, it cries... caw caw caw....**

We are thus close to the moment when impeachment can no longer be dodged. The reams of Biden family bank records that Mr. Comer of Kentucky has unearthed hither and yon, plus deal memoranda, video and audio recordings of dark confabs, and hundreds of tell-tale emails are of a different evidentiary nature than the roster of hypothetical thought crimes confabulated by Jack Smith, Alvin Bragg, and Fani T. Willis.

Personally, I would like, at least, to see impeachment hearings where all that hard evidence of Biden family bribery is methodically laid out for The New York Times and CNN to ignore. It will look like a game of chicken for a few days, but then the party honchos will "sadly" order Ol' Joe to step aside before that grim spectacle goes too far.

---

The Ukraine War will then be Kamala Harris's to lose — depend on it — though nobody will care. I have a feeling that Barack Obama will not be able to... how shall we say... work with her. ***All that cackling must conceal inner vacancy so vast*** that Judge Crater, DB Cooper, and the brigantine Mary Celeste might be roaming around in there, along with Amelia Earhart, Jimmy Hoffa, and the Lost Colony of Roanoke. And I cringe to imagine the meetings with Kamala where Susan Rice, Lisa Monaco, and Torie Nuland try to tell the poor simp what to do. ***It will look like one of those girlie beat-downs on an Oakland street-corner.***

Anyway, by that time the stock markets will be all a'crumble, all those Vanguard retirement funds will wash-up like so many writhing grunions on Cabrillo Beach, and your local bank will cap deposits at \$500 a few weeks before executing the long-rumored bail-ins. At that magic moment, the Democratic Party will have everything it has wished for.

Of course, I can't say the melodrama will play out exactly like that, in that sequence. But ***expect trouble in September. Expect disorder like you've never imagined.*** Think about retrieving whatever cash you have in the bank. ***Consider arming yourself for safety's sake***, if you live in a part of the country that allows it. Or maybe even if you live in the other parts. Lay in some beans and rice and some batteries. ***Buckle your mental seat belt. When August is over, it's going to be a bumpy ride.***

***ANP EMERGENCY Fundraiser: 'Dangerous, Derogatory, Harmful, Unreliable!' Those are some of the exact words used by Google's censors, aka 'Orwellian content police,' in describing many of our controversial stories. Stories later***

***proven to be truthful and light years ahead of the mainstream media. But because we reported those 'inconvenient truths' they're still trying to hide, they pulled their ads from ANP.***
